Judge: Katherine H. Parker

I'm writing to you in hopes that those 3 cases will come to a conclusion this coming year with a settlement of 750,000 on Jan, 20th 2025 if not I'm ready to go to trial. Again the main part is the video. You know my allegations! And the videos will prove every part of my cases. So for Riker's or the city not to release the videos is proof enough that they did me wrong while I was on Riker's Island. Is it in your power to get those cases over with Judge Parker? Because I have criminal matters ongoing that requires my full attention.

P.S.

Please Respond /
